Why it Matters to Assessor Offices

Property owner expectations are changing. Citizens increasingly expect digital communication from government, just as they do in other areas of their lives.

Our service helps assessor offices enhance transparency, reduce communication friction, and strengthen public trust - while continuing to meet all legal and operational requirements.

Increase
citizen awareness and satisfaction

Lower
printing, postage, and manual costs

Reduce
uncertainty-driven inquiries

Strengthen
transparency and public trust

FROM PROPERTY CHANGE TO OWNER AWARENESS

A simple, secure process that keeps property owners informed.

1	2	3	4	5
				
Citizen Opt-In Property owners subscribe to receive notifications via email or SMS.	Event Occurs A property change or location-based event is detected.	Notification Sent Qwhery delivers a secure email or SMS with the relevant update.	Citizen Stays Informed Citizens are aware and engaged-reducing uncertainty and inquiries.	Manage Preferences Citizens can manage their subscriptions and notification settings anytime.
